

OUR HOUSE RULES

Welcome to the “Christoforusgemeenschap”. Christoforus is a living and working commune for adults with a mental disorder. During your stay at our camping facilities, you will get the chance of meeting some of our people!

Registration

Please turn to one of our colleagues upon arrival for the registration of your stay between the hours of 9 am and 17:30.

Important details to mention to our colleague: the number of people staying – your name – and the accommodation in which you are travelling (small tent (2/3p) – big tent (+3p) – caravan (max 5.5m))

You will receive this information pakket along with a groundplan of the entire terrain of Christoforus. You will also receive a groundplan of the camping site. Please take the place provided for you and as marked on the terrain. At the end of your stay, we ask you to contact our colleague in the morning for the settlement.

Parking

Please leave your car at the small parking area by the camping site and not on the camping site. Please do not leave your car in the drive way by the camping site. Only use this area for loading and unloading your car. This drive way must remain clear for fire safety. If the small parking area by the camping site is full, you can leave your car on the parking lot around the corner of the terrain.

Rates by night

Per person =	5.00 euro
kids -12j =	4.00 euro

Small tent (2/3p) =	6.00 euro
Big tent (+3p) =	7.00 euro
Caravan =	12.00 euro

Bathrooms/toilets

You have at your disposal:

- A toilet (marked as wc1) + shower (marked as douche1) (next to the bicycle storage, through the glass doors)
- a toilet (wc2) (on top of the iron stairs next to the bicycle storage)
- shower 2 (behind the washing corner on the camping meadow)

There is no laundry facilities available on the property. In the town of Merelbeke there are several places where you can go for your laundry.

Sorting dishes and waste

There is a dishwashing corner on the campingsite, with waste bins.

Waste is collected separately in Merelbeke. This is why it is important to sort this out.

Open fire is prohibited. If you have a low/small barbecue, do not use it on the grass but on the paved part of the shed with the washing corner.

Evenings at Christoforus

This is a nature camping site. Enjoy the peace and quiet!

Respect the night's rest of our residents.

Better safe than sorry.

Better safe than sorry. Please make sure you close off your personal belongings and don't leave anything lying around. Make sure that cigarettes, coffee and money are stored safely. Some our residents take a special interest in these items. Please do not give our residents coffee our cigarettes. They get plenty during the day and some residents have certain diets to take in consideration.

Purchases of fruit and vegetables

We are happy to sell you our freshly harvested products as long as supplies last. Please contact Thomas, our gardener, he will help you. There is also fresh jam and apple juice for sale in our shop. May we ask not the pick fruit and vegetables yourself.

Environment
